

Welcome to our KaFRA executive committee for FY19

On 29 July 2018 the committee for FY19 was elected. We would like to thank all those who attended including Jarrod Bleijie MP and Cr Rick Baberowski, who kindly conducted proceedings. Thank you also to Jarrod for the very generous \$250 grant which will cover administration costs like our web site etc. We are very fortunate to welcome Coralie Williamson, who kindly accepted the Treasurers role. Coralie has already contributed greatly to the committee. Looking forward for a great year ahead.

Trail bikes in the reserve

KaFRA has been approached by a number of residents concerned about the recent trail bike activity in the reserve. There has been damage to walking tracks and reports of potential incidents. On behalf of the Kawana Forest community, it is asked that trail bike riders source information on locations they are not allowed to ride.

KaFRA community engagement update

1. KaFRA have raised residents concerns regarding the pathway under the Kawana Way bridge linking Kawana Forest to Birtinya. The issues are graffiti, lighting, pathway flooding in heavy rains and not draining away quickly, and a peppercorn (invasive) tree nearby that needs removal. It is currently under investigation by Sunshine Coast Council, more details can be found on our Facebook page.
2. KaFRA provided feedback to Cr Rick Baberowski requesting the Kawana Forest community be informed of the sport field upgrade works. KaFRA also requested that trucks and machinery are not to access the site from Woodlands Boulevard.
3. KaFRA requested Sunshine Coast Council to pressure wash the entry signage to remove mould and refresh.

We would like to thank Cr Rick Baberowski for attending the KaFRA committee meetings and assisting with our requests. We are very fortunate to have such a high level of service to our area.
